

**Real Experience.
Real World.
Real Time.**

Modern air forces worldwide are being subjected to tighter budgets and spiralling cost in aircraft technology. Aging jet trainer fleets and the high cost of modern fighter pilot training systems are forcing Air Forces to make hard decisions regarding operational capability. With more than a decade of accident-free, advanced air combat training experience, Top Aces offers air forces a highly-efficient and cost-effective Fighter Pilot Training solution using our fleet of exceptionally maintained and modernized Alpha Jet and TA-4J aircraft. The Top Aces contracted fighter pilot training solution allows air forces to maximize operational readiness, preserve valuable fleet life and postpone major decisions on future aircraft.

Our solution also provides a risk mitigating alternate training solution and mitigates the risk of transition between training platforms. Top Aces' experience, uncompromising airworthiness, safety, standards and discipline are the foundations to safe and effective tactical fighter operations. Using high instructor-to-student ratios, our Fighter Pilot Training solution is the first system of its kind in the world to train and prepare fighter pilots with the utmost importance on safety, proficiency and cost-efficiency.

	Conversion Course (36.5 hrs)	Basic Tactics Course (40.0 hrs)
